This sixth issue of the Thai Journal of Obstetrics and Gynaecology (TJOG) contains many interesting articles. The special article in this issue is “Acute Vaginal Candidiasis: A review of treatment guidelines and Siriraj experience”.

Editor in Chief and managing staff of the Thai Journal of Obstetrics and Gynecology were invited by the Thai Journal Citation Index (TCI) Center to attend a meeting to discuss “Using the System EM/Reviewer Discovery/Publons” on August 17, 2021 via electronic media system. The objectives of the meeting were to improve the quality of journals in the Scopus database for the management of the submission system as well as the selection of qualified persons from different countries to become an appraiser article to improve management quality and the quality of articles in Thai journals.

The RTCOG Annual Meeting 2021 will be held online (Virtual Conference) from December 14 - 17, 2021. The theme of this meeting is “ERA of the Next Normal”. All RTCOG members are cordially invited to participate this scientific meeting.

Due to the pandemic of COVID-19, RTCOG members please get the COVID-19 vaccination and keep yourself and others safe from COVID-19.

Wish all RTCOG members and families safe from COVID-19.
