At the beginning of this year, Thai Journal of Obstetrics and Gynaecology has been approved by the Thai Journal Citation Index Centre (TCI) to be classified in the first group of Thai journals according to the quality assurance criteria.

Subsequently, Thai Journal of Obstetrics and Gynaecology has been accepted and approved by the ASEAN Citation Index (ACI) steering committee on September 10, 2015 to be included in the ACI database. Currently, there are only 159 top quality journals from ASEAN member countries, including, Cambodia, Indonesia, Malaysia, the Philippines, Thailand and Vietnam indexed in the ACI.

The new editor in chief of Thai Journal of Obstetrics and Gynaecology (2016-2018) will be Professor Vorapong Phupongse.
