

## EDITORIAL

---

This third issue of Thai Journal of Obstetrics and Gynaecology (TJOG) contains many interesting articles. The special article in this issue is “Metformin – a possible way to reduce risk and improve oncological outcome of cervical cancer”

RTCOG Annual Meeting 2016 will be held during 17-20 October 2016 at The Royal Golden Jubilee Building, 2 Soi Soonvijai, New Petchburi Road, Huay Khwang, Bangkok 10310, Thailand. The theme of this meeting is “STRONGER: Safety and Treatment Recognition in Ob N’ Gyn for Excellent Results”. All RTCOG members are cordially invited to participate this scientific meeting.

Residents who would like to publish their researches in TJOG should submit their works before October 1, 2016. Our editorial team and constructive reviewers will let them know the results before December 15, 2016.

Wish to see you at RTCOG Annual Meeting 2016 at The Royal Golden Jubilee Building in Bangkok.
